

# Programme-specific regulations

## Faculty of Business and Law

Welcome to the programme-specific regulations for the Faculty of Business and Law. These are additional requirements, normally in place to address requirements outlined by a Professional, Statutory and Regulatory Body (PSRB). They relate to all students except where specified. Please refer to the [academic regulations](#) for further details.

For further information please contact your Associate Dean (Education) in the first instance. Alternatively, please contact Academic Quality Services at [aq@dmu.ac.uk](mailto:aq@dmu.ac.uk).

**N60044 BA (Hons) Human Resource Management**

**N60073 MA Human Resource Management**

**N60099 PgDip Human Resource Management**

**N60076 MA Human Resource Management (Dubai)**

### Leadership, Management & Marketing Board

In order for students on these programmes to attain The Chartered Institute of Personnel and Development (CIPD) accreditation the following additional regulations are required:

#### Passing a module and compensation

- All assessments must be passed at 40% for undergraduate (UG) courses and all non-dissertation assessments must be passed at 50% for postgraduate (PG) courses. The overall mark for a module with failed assessments will not exceed 39% for UG courses and 49% for PG courses. A student can be reassessed in any failed assessment as per the permitted reassessment attempts within the DMU regulations. Where reassessment is undertaken the module mark will be capped at 40% for UG courses and 50% for PG courses. Note that the dissertation module on an MA programme does not contribute to the CIPD accreditation.
- Compensation is not permitted for UG courses. Note that PG students are not eligible for compensation under DMU regulations.

#### Regulatory Adjustments

To facilitate a student meeting the CIPD requirements, the following regulatory decisions will apply to students on the Human Resource Management programmes specified:

1. If at any stage compensation or removal of must pass elements of a module is applied, this will result in it not being possible for a student to meet the requirements of the CIPD accreditation, they will thereafter be assessed under the DMU regulations only and will therefore not be eligible for CIPD accreditation. If a student reverts to being assessed under DMU only regulations, any previously ratified capped passed module marks will

remain capped. Any ratified unpassed module marks and any subsequent board decisions will be considered under DMU only regulations and eligibility for compensation will be considered.

2. A student may request in writing to their Programme Leader to forsake CIPD accreditation and be considered under DMU only regulations going forward, as per the arrangements detailed in the previous point. Once a student has opted to forsake CIPD accreditation, they cannot subsequently request reconsideration for CIPD accreditation.
3. Where removal of the requirement for all elements of a module to be passed would create a module pass mark and either it is the third and final attempt at the module or the student has chosen to be considered under DMU only regulations, the module mark will be amended to the mark that would be generated if there were no must pass requirement on the elements and the student will no longer be eligible for CIPD accreditation.

Undergraduate students

4. Where compensation of a module is possible on the final attempt under DMU regulations, compensation will be applied and the student will no longer be eligible for CIPD accreditation.

## **N1N241 BA (Hons) Business Management February entry**

### **Leadership, Management & Marketing Board**

In addition to being able to take a placement between levels 5 and 6 as per the standard regulations, a February entry student may also take a placement mid-Level 5 or Mid-level 6 after having completed their first two blocks of study at that level. On completion they will return to their last two blocks of study at the same level.

Progression to a placement mid-Level is as follows:

- To undertake a placement starting mid-level 5 a student must normally have a successful complete level 4 profile and a provisional minimum mark of 30% in the module take in the first block of Level 5
- To undertake a placement starting mid-level 6 a student must normally have a successful complete level 4 and 5 profile

## M10045 LLB Law

## M10046 LLB Law (Kazakhstan campus)

## M10047 LLB Law (Dubai campus)

### Law (LLB) Board

When applying for The Bar or practice where the Seven Fundamentals of Legal Knowledge (FLK) are required, a student must demonstrate that their personal performance in their award meets the following.:

### Compensation

A student can only be compensated in a maximum of one of the FLK core modules, provided that their mark for that module is at least 35.

The FLK core modules are:

- English and European Legal Systems
- Criminal Law
- Contract Law
- Constitutional and Administrative Law
- Law of Tort
- Land Law
- Equity and Trusts

### Regulatory Adjustments

To facilitate a student demonstrating a personal performance in their award that meets the expectations of The Bar or practice where the Seven Fundamentals of Legal Knowledge are required, the following regulatory decisions will apply to LLB students:

All levels

1. The DMU regulation permitting compensation of 30 credits per level (subject to the conditions specified in the regulations) remains in place but with additional conditions placed on FLK core modules.
2. Compensation of a FLK core module is not applied in the range 35 - 39% on the first attempt or first reassessment attempt unless all but one FLK core module (the module eligible for compensation) is already passed.
3. Where compensation of a FLK module is possible on the final attempt under DMU regulations, compensation will be applied and the student will no longer meet the requirements of the Bar Standards and Seven Fundamentals of Legal Knowledge.
4. If at any stage compensation for a FLK core module results in it not being possible for a student to meet the requirements of the Bar Standards and Seven Fundamentals of Legal Knowledge, they will thereafter be assessed under the DMU regulations only and will therefore not be able to apply for The Bar or practice where the Seven Fundamentals of Legal Knowledge are required.
5. A student may request in writing to their Programme Leader to forsake the requirements of the Bar Standards and Seven Fundamentals of Legal Knowledge requirements and be considered under DMU only regulations going forward, as per the arrangements detailed in the previous point. Once a student has opted to forsake the requirements of the Bar Standards and Seven Fundamentals of Legal Knowledge, they cannot subsequently request reconsideration for the requirements of the Bar Standards and Seven Fundamentals of Legal Knowledge.

**N3N445 BSc (Hons) Accounting and Finance**

**N3N447 BSc (Hons) Accounting and Finance (Kazakhstan campus)**

**N3N448 BSc (Hons) Accounting and Finance (Dubai campus)**

**N3N449 BSc (Hons) Accounting and Finance (LNU campus)**

**N1N435 BSc (Hons) Accounting with Business Management**

#### **Accounting, Finance and Economics Board**

Due to the requirement that a student attain a minimum of 40% in any exam components to meet the requirements for ACCA exemptions, the following will apply.

#### **Passing Exam Components**

Where a student passes a module but attains less than 40% in the exam component, the student can request to retake the exam in order to improve the exam mark providing

- the student is not at their intended point of graduation and has not withdrawn/been withdrawn from the programme;
- the student has not used up all their reassessment attempts for the module where not meeting the exam requirement is interpreted as failing the module for this purpose.

The overall module mark will not improve as a consequence of the exam being retaken.

Such exam reassessment is normally to be taken when the next opportunity is provided by the faculty. A student may request exam reassessment at a later time in their studies (subject to the criteria previously detailed) but granting of such a request is subject to the continued availability of the exam component.

## **N1N247 BA (Hons) Business Management - City University of Hong Kong**

**(180 credits – FT)**

## **N1N248 BA (Hons) Business Management - City University of Hong Kong**

**(180 credits – PT)**

**City University of Hong Kong (SCOPE) Board**

The following relates to the 180-credit level 5 and 6 top-up provision where 60 credits of level 5 and 120 credits of level 6 are studied

### Compensated Credits

	<b>180 credit degree</b>
<b>Level 5</b>	15 credits
<b>Level 6</b>	30 credits

### Progression

Progression to level 6 is not specified. Students study modules from levels 5 and 6 concurrently within the structure.

### Registration Periods

The top-up registration periods are as follows:

**Full-time:** Normally studied over 1 year with maximum registration of 2 years

**Part-time:** Normally studied over 2 years with maximum registration of 4 years

## **N20052 BA (Hons) Business Management - City University of Hong Kong**

**City University of Hong Kong (SCOPE) Board**

### Reassessment Opportunities

Students must be reassessed within 15 months of final assessment board for cohort.

### Progression

Progression to levels 5 and 6 is not specified. Students study modules from levels 4, 5 and/or 6 concurrently within the structure.

### Registration Period

Studying 360 credits full time over 28 months – 6 years

## L23141 BA (Hons) Public Administration and Management - City University of Hong Kong (180 Credit Top-up)

### City University of Hong Kong (SCOPE) Board

Students remain on old regs through teachout due to accreditation requirements.

#### Compensated Credits

Volume of level 5 credits studied	Total credits studied	*Compensated Credits	
		Level 5	Level 6
60	180	15	30
75	195	15	30
90	210	30	30
120	240	30	30

\*compensatory credits are not allowed for Housing Specialisation modules.

#### Reassessment Opportunities

Volume of level 5 credits studied	Total credits studied	Resit Opportunities - Credits	
		Level 5	Level 6
60	180	30	60
75	195	30	60
90	210	60	60
120	240	60	60

Students must be reassessed within 15 months of the final assessment board for the cohort

#### Progression

Progression to level 6 is not specified. Students study modules from levels 5 and 6 concurrently within the structure.

#### Registration Period

**Full Time** 6 years  
**Part Time** depends on entry
