DMU External Examiner – Learning and Teaching Technologies

At DMU we support teaching and learning using the following centrally supported technology – LearningZone, which is DMU's VLE (virtual learning environment. LearningZone enables students to access their online learning materials for their programme of study. A number of technologies integrate with LearningZone to support the electronic submission of assignments, learning content through lecture recordings, online reading resource lists and further tools that support collaboration and communication.
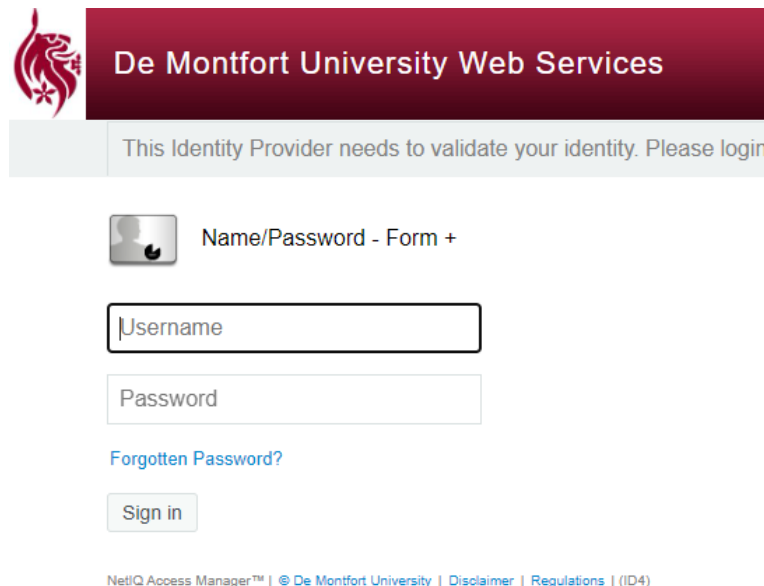

LearningZone

1.1 Accessing LearningZone

Web address:- https://learningzone.dmu.ac.uk

Technical note:

Browsers - we recommend you use Edge or Chrome.

Figure 1 Sign in

Enter your DMU username and password before clicking Sign in.

1.2 Access LearningZone shells:

The default LearningZone home page displays the My Courses widget. Shells that you are enrolled on are accessible here. To access any module, click the module code name link as illustrated in Figure 2 below.

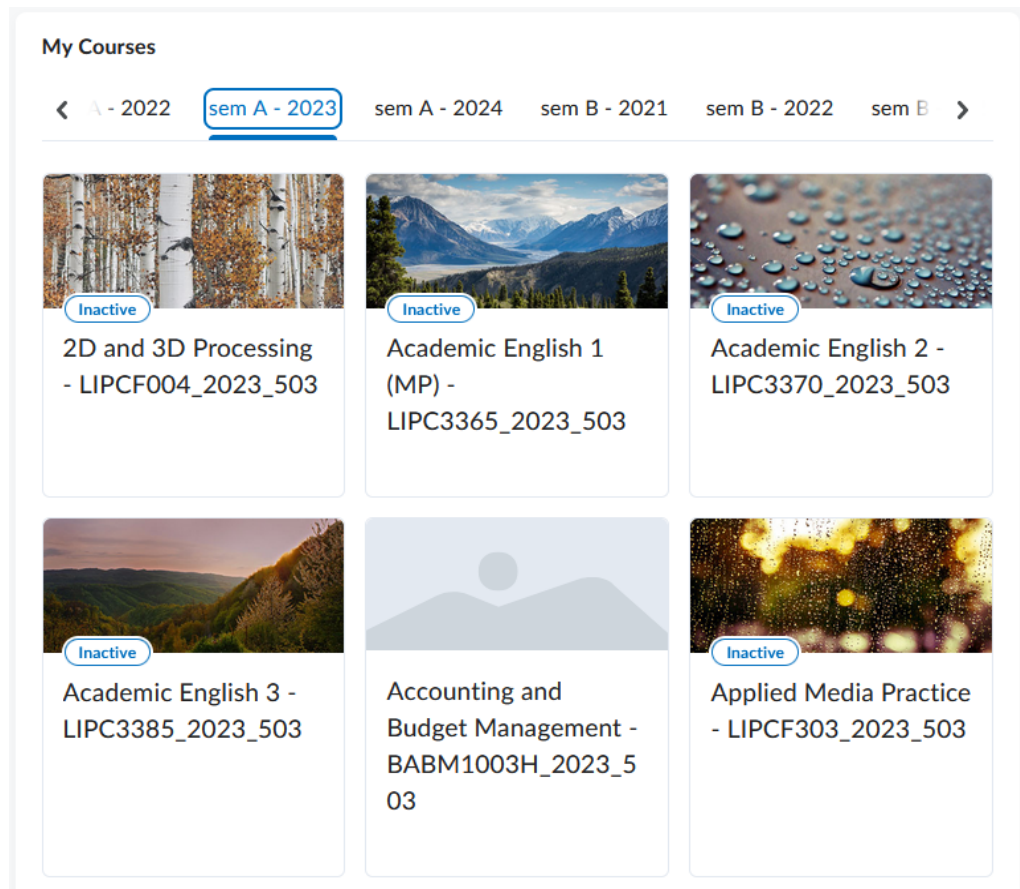

Figure 2 Example My Courses widget showing enrolled shells

1.3 LearningZone shell

In a LearningZone shell the Table of Contents is displayed on the left. You can navigate to access the appropriate content. You will have sufficient permission/ role access to access the pertinent areas of the shell.

Figure 3 Example Table of Contents

Course content is displayed in the main body of the screen to the right.

Figure 4 The example Module Information Unit

1.3.1 For any more detailed information on how to access LearningZone, for example student assignment submissions and marking in Turnitin and any other feedback and marking depending on the module - please contact the module leader or programme administrator for this and other specifics, if not provided.

Useful Information

LearningZone – How to Use Support

For help using LearningZone, contact the LearningZone support team at learningzone@dmu.ac.uk.

Technical Support

For technical issues related to your DMU account or LearningZone access, contact

Digital & Technology (D&T) at itmsservicedesk@dmu.ac.uk.

Further Online Help Guides

Select the '**Support**' link at the top of the LearningZone home screen to access further help for staff, including resources on LearningZone and support from the DMU Education Academy.
