

Invitation to Submit Outline Solution (ISOS)

The following requirements were included in the Invitation to Submit Outline Solution (ISOS) for the current catering contract at DMU.

FB10	Bidders are to submit outline proposals on how they would support a Sustainable and Ethical Food Procurement Policy and work with the university in developing and delivering an action plan in support of this.
Required Outcome	DMU to be satisfied that the bidder will be aligned, supportive and pro-active in this area.
OL04	Bidders are required to provide outline details of their proposed environmental and waste management plan, including the removal of cooking oil.
Required Outcome	DMU to be satisfied that the bidder has a formal approach to environmental and waste management.
OL06	Bidders are required to provide details of their approach to Food and Beverage Procurement with respect to local and sustainable sourcing.
Required Outcome	DMU would like to understand the bidders approach and commitment to local and sustainable sourcing.
