Supported by the Society for the Advancement of Management Studies

As part of the two-day First Global Conference on Creating Value (<https://goo.gl/bEkoG8>), doctoral students and early career researchers are invited to come share their work. We welcome proposals from these up and coming academics for showcase presentations.

Showcase presentation usually take the form of posters providing an 'at a glance' overview of your research, but can also be in the form of interactive displays, demonstrations and other methods of communicating your research on creating value. Showcase Forum participants will be provided with a designated space during two networking sessions: the reception on the afternoon of the first conference day and the buffet lunch on the second conference day. Delegates will be encouraged to walk around the conference venue and learn about research done by up and coming academics as well as ask questions and provide feedback. Furthermore, they will have the opportunity to cast their vote for a Best Showcase Award.
