## Course Syllabus and Structure

The course commences with an optional induction weekend in Leicester which takes place on 18th and 19th September 2015. The module teaching then begins with a focus on Strategic Management which is the bedrock of MBA study and provides a framework and focus within which to shape the rest of the programme.

This core module is followed by the opportunity to specialise in one optional module from a choice of eight law-related options. This choice will allow you to pursue an area of interest in depth. This is followed by ‘Leading a Professional Services Organisation’, which considers leadership issues within the context of managing a professional practice, and ‘Professional Ethics’ which sets law within an ethical framework.

The taught modules are completed by a study of ‘Managing Organisational Change’ which is a key feature of organisations operating within today’s volatile environment and ‘Corporate Performance Management’ which considers the process and outcomes of measuring organisational performance via a mix of financial and non-financial metrics.

Students will then complete the programme by writing a law-related management dissertation. The dissertation would have a strong link to academic theory whilst also offering an opportunity to focus on a ‘live’ organisational issue.

The length of the programme is 2¼ years. Year 1 runs from September 2015-December 2016 and year 2 runs from January 2017-December 2017. The timetable is as follows:

## The Accelerated Route

The accelerated route allows a student to complete the MBA in 15 months. It is primarily designed for those who have the time to devote themselves to full-time study, albeit by the distance learning route. Students will enrol in September 2015 along with the other students on the programme and study the Strategic Management module until the January 2016. Accelerated route students will then undertake to study all of the remaining modules between January and December 2016 alongside the dissertation. This is a highly intensive but rewarding route and successful students will graduate with their MBA at the end of December 2016. (There may not always be dedicated study days for all modules on the accelerated route.)

## Optional Study Days

Students are encouraged to attend a series of optional study days at De Montfort University in Leicester throughout the course. The first study weekend is the Induction Weekend on the 18th and 19th September 2015. The weekend will give students the opportunity to meet tutors and fellow students, discuss the course and establish access to tutors during the coming year. The weekend will also provide students with the opportunity to get to know other students who will be studying the same modules. Four further study days are planned throughout the duration of the programme and these will take place in February, May, September and November.
