Dear Mr Moere

Educational Oversight annual monitoring: De Montfort University International College (DMUIC)

Thank you for submitting the annual return for **De Montfort University International College** for **2019**. As **De Montfort University International College** received a commendable outcome in **2018**, and there have been no significant changes reported in the latest annual return, we can confirm that a monitoring visit will not be required in **2019**. The following text will be published on the QAA website:

De Montfort University International College received a commendable outcome from the monitoring visit in **2018**. It submitted an annual return in **January 2019** that demonstrates that it is continuing to maintain academic standards and enhance the quality of student learning opportunities and information about learning opportunities.

As you have had a positive outcome from your annual monitoring, I am pleased to confirm that you remain eligible to use the [QAA Review Graphic](#), sent following your previous annual monitoring, on all forms of communications. Please refer to Annex 1 of the [terms and conditions](#) for further details. Use of the QAA Review Graphic signifies automatic acceptance of the terms and conditions of the scheme.

Please note, while a monitoring visit is not required on the basis of this year's annual return, a material change in circumstances may trigger a monitoring visit and could trigger an extended monitoring visit, partial or full review. It is therefore important that **De Montfort University International College** informs QAA within 28 days of any material changes as detailed in the guidance document Annual Monitoring for Educational Oversight, available on the QAA website. Failure to do so could result in the provider's CAS allocation being set to zero pending the outcome of the monitoring visit or review.

If you have any questions about this letter then please contact David Gale, Quality Assurance Manager, at d.gale@qaa.ac.uk

Yours sincerely
