Many parents will be better off using childcare vouchers rather than Tax-Free childcare. See how below:

Type of household*	Better off using childcare vouchers if monthly costs are less than:
	£778
	£649
	£521
	£389
	£260

Did you know? All two parent households where only one parent is either in part time or full time employment, will always be better off using childcare vouchers

*Both working parents are taking Childcare Vouchers.
 **One parent household or where only one parent is claiming Childcare Vouchers in a two parent household.
