

Ready for Exams? Here's what to expect and how to prepare

Before the exam

Check the Exam Timetable on MyDMU—it's subject to change so you need to check it regularly and just before your exam

Make sure you know where the exam location is, it might be in a building you are not familiar with and take an extra few minutes to get there

Arrive at **LEAST 15 MINUTES** or more before the start of the exam, you will not be allowed into the exam room 15 minutes after the start of the exam

When you enter the exam room you are under 'exam conditions' and communication with other students is not permitted

You will be asked to leave your coat and bag near the door—outerwear is not permitted and clothing cannot be hung on the chair

Invigilators will read out instructions about the exam, listen carefully and raise your hand if you have a question

What to bring on the day

You must bring your own pens, pencils, eraser and spares—invigilators cannot loan stationery to students

Phones, smart watches, fitness trackers, mp3 players and any data storage device: **NONE OF THESE ARE PERMITTED ON YOUR PERSON.** Switch off everything and place in the plastic bag on the desk. Any student found with these items on their person will be reported to the Faculty who will treat it as an academic offence—so please just switch everything off and place in the bag!

Ear/headphones of any description are not allowed

Drinks—you can bring a drink in a clear plastic container with all labels removed

Programmable calculators are not permitted in the exam unless approved by the Faculty—if in doubt check with the Faculty office

Bring your Student ID card

You are not permitted to bring in revision notes of any format or your own blank paper
