## Leicester: the multicultural heart of England

Rich with history yet steeped in modern successes, Leicester is a shining example of a contemporary city that draws strength from its diverse heritage. Situated in the East Midlands and just over an hour from London, Leicester is the 10th largest city in the UK. Our students tell us it's the 'perfect size' - big and historic enough to impress, yet compact and friendly enough to call home.

Leicester is known for its vibrant culture, diversity and lively atmosphere, and there's always something going on. The city is big on shopping, sport, music, film, comedy and culture, much of it happening just minutes from DMU campus.

When it comes to affordability, Leicester's great for student essentials and was judged the third most affordable city for students in the NatWest Student Living Index 2019. It has also been named one of the UK's top 10 cities in which to live and work (Good Growth for Cities Index 2019).

## Modern campus

- Home to 2,700 international students from more than 130 countries
- Ten minutes' walk from the city centre
- Compact, safe and well-lit campus

In recent years there has been significant investment to transform our campus into the modern, inspiring environment that students deserve. The main Kimberlin Library is open 24 hours a day, 365 days a year, and across campus there are around 1,600 study places and 700 open-access computers.

Our QEII Leisure Centre provides state-of-the-art facilities including a 25 metre six-lane swimming pool, eight courts for sports such as basketball and badminton, a fitness gym, studios used for activities such as aerobics and yoga, a climbing wall and a café.

## Accommodation

We understand that having the right surroundings allows students to be happy and successful. We will aim to provide university-sourced accommodation for all new international students.

Our halls of residence offer high-quality accommodation in the heart of the city and within easy walking distance of campus. For details of each halls of residence please visit [dmu.ac.uk/internationalaccommodation](http://dmu.ac.uk/internationalaccommodation)

# ACADEMIC COURSES

## Modern Foreign Languages (MFL)

The Centre for English Language Learning offers pathways in Modern Foreign Languages (French, Mandarin or Spanish) for students from a variety of programmes across DMU.

We cater for all language levels and experience from complete beginners (A1) to proficient learners (C2). Students can start a language pathway at any stage of their studies and progress at their own pace. Small group language classes are held weekly by our native and specialist tutors (typically as three-hour long workshops) and combine the study of speaking, listening, writing and reading skills.

## Teaching English to Speakers of Other Languages (TESOL) in degree programmes

Students at DMU can study teaching English as a second language as part of the English Language with TESOL BA (Hons) programme. Students study one 30-credit TESOL module each year, building from the basics of teaching English to Speakers of Other Languages (ESOL) in the first year, through to designing an ESOL syllabus in year three.

We also provide one-to-one bookable sessions which offer language advice for assignments.
