

5. Monitoring of Student Progress

All students enrolled and registered for research degrees are subject to annual monitoring to ensure that their progress is satisfactory and that the arrangements for supervision, which include the relationships between the research degree students and their supervisors, are working well.

Progress is subject to annual review, *excluding MA/MSc by Research*, as outlined in Regulation 12.1. Please refer to the 'Guidance Notes for Annual Review Panels' for further information.

Progress is regularly monitored by progress meetings as outlined in Regulation 6.4. It is expected that such formal discussions will be recorded and a full-time student will complete at least 10 records per annum and part-time students shall complete at least 5 (normally once per month for full-time students and once every two months for part-time students).
