

WELCOME TO OUR
DIGITAL
OPEN DAY
SATURDAY 13 MARCH
— 9am to 3.30pm —

CONTENT

Thanks for registering for our Digital Open Day - we are really excited about meeting you on Saturday 13 March.

How does our Digital Open Day work?

Choosing the right university is an important decision. We want to show you what DMU has to offer! While we can't welcome you on to campus just yet, we've created an interactive and informative online experience for you to enjoy from the comfort of your home.

Take your time exploring our Digital Open Day, ask questions and get answers.

If you need support on how to get the most out of the event, drop into The Lounge on the day, where our friendly team will be happy to help.

How do I join the Digital Open Day?

You will receive an email with your registration details and a link before the event, so make sure you keep an eye out for it.

You will be able to log in from 8.45am — this will give you time to explore before the Welcome Talk begins. Our staff and students will be online and ready to chat from 9am.

Our Digital Open Day is completely compatible with mobile and tablet devices, although to get the best experience we do recommend you join from a desktop computer or laptop as there will be video tours and lots of visuals to engage with. You also need a Google account to submit your questions during the live talks. But don't worry if you haven't got a Google account, you can also talk to us on our online chat.

If you have any questions or concerns, please don't hesitate to call us on +44 (0)116 2 50 60 70, email **enquiry@dmu.ac.uk** or speak to current students on Unibuddy.

And when the day comes, sit back, relax and enjoy our Digital Open Day!

Live talks

Throughout the day you will be able to join our academics, technicians, current students and specialists for lots of different live talks. There will be live talks about your subject, the admissions process, accommodation choices, careers advice and much more.

This is the time to ask all of your big questions – note down the things you would like to ask beforehand using our notes section provided in this guide.

There will be lots of additional information such as videos, PDFs to download and useful links for each live talk.

Don't worry if two talks you're interested in are streaming at the same time - just decide which you want to watch live and which one you'd be happy to catch up on later. All of our talks will be available on demand to re-watch for the rest of the weekend of the event.

Live chats

You can live-chat with us throughout the day, with experts from student support, finance, the De Montfort Students' Union, DMU Sport and many more, so there are lots of opportunities to ask your questions. You can have one-to-one chats with our students to get an all-important insight into what it's like to be at DMU.

You can also take a virtual tour of our campus and see for yourself all of the fantastic facilities.

Tours

Campus tour

We know how important it is for you to be able to see for yourself our brilliant campus and facilities. Join us at 10.30am or 1.30pm so you can get a feel for the DMU experience. Don't forget you can ask questions at any point during the live talk.

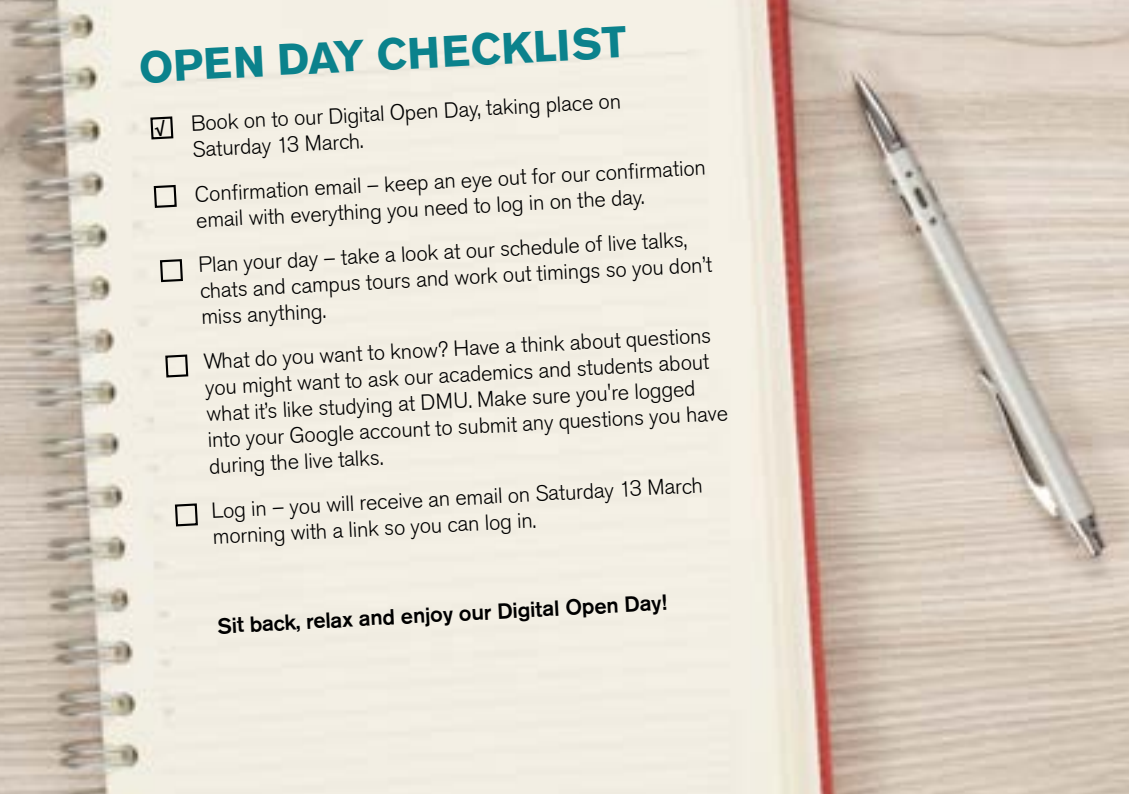

Accommodation tour

You'll be able to hear directly from students about the range of accommodation options and the choices they made, and get a look inside one of the halls. All of our accommodation is located close to campus and Leicester city centre, so there should be plenty of opportunities to make the most out of DMU living. Join the Accommodation talk at 10.30am where we will be live streaming from one of our halls, followed by an opportunity for you to ask questions.

We love life and learning at DMU, our campus and our city - now you can sample something of these for yourself by stepping into our virtual tour.
